AMENDMENTS TO THE CLAIMS:

JC17 Rec'd FCPAC 20 JUN 2005

This listing of claims will replace all prior versions, and listings of claims in the application:

LISTING OF CLAIMS:

1-20 (cancelled)

21. (new) Gaming furniture comprising a container having sides and a top support element which define an interior space for receiving one or more video-game controllers and/or corresponding video-game consoles; and an erectable and collapsible support platform arrangement having a support platform which is separate of the container sides and top support element for supporting the or each video-game controller, one said container side being foldable to provide a closable opening through which the support platform arrangement can project from the container.

22. (new) Gaming furniture as claimed in claim 21, wherein the support platform arrangement is foldable into and out of the container.

23. (new) Gaming furniture as claimed in claim 21, wherein the support platform arrangement is hingably attached to a base of the container.

24. (new) Gaming furniture as claimed in claim 21, wherein the said foldable side of the container is adapted to releasably support a further video-game controller.

25. (new) Gaming furniture as claimed in claim 21, wherein the support platform arrangement includes an extendable and retractable articulated arm mechanism and a support platform

attached to the end of the articulated arm mechanism, the support platform supporting the or each said video-game controller.

26. (new) Gaming furniture as claimed in claim 25, wherein the support platform arrangement further includes a leg member which can support the support platform.

27. (new) Gaming furniture as claimed in claim 26, wherein the in use leg member is supported by the said foldable side of the container.

28. (new) Gaming furniture as claimed in claim 26, wherein the articulated arm mechanism is lockable when extended.

29. (new) Gaming furniture as claimed in claim 21, wherein the support platform arrangement, when erected, projects above the horizontal plane of the top support element.

30. (new) Gaming furniture as claimed in claim 21, wherein the support element is an openable lid.

31. (new) Gaming furniture as claimed in claim 21, wherein the top support element functions as seating when the support platform arrangement is erected.

32. (new) Gaming furniture as claimed in claim 31, wherein the top support element is invertable to act as seating.

33. (new) Gaming furniture as claimed in claim 21, wherein the top support element is fixedly mounted as part of the container.
